

GENTRACKER™

Generator Monitoring System

By Generator Solutions, Inc.

Gen-Tracker's Generator Run Report is a key piece of documentation for dealers and customers. The report, generated on each generator run, documents a variety of information depending upon the available monitored features for that site. The example below shows on, off, duration, and more.

Gen-Tracker Run Report

Bance, Gary (Cellular)
3849

Generator Run Start : 5/2/2013 8:59 AM
 Generator Run End : 5/2/2013 9:09 AM
 Run Duration : 0:09
 Time To Start : 2 seconds
 Cranking Voltage : 12.0

Customer Information and Panel Number

Generator Run Details

Cranking Voltage

Date	Voltage
4/24/2013	12.2
4/25/2013	11.6
4/27/2013	12.1
4/29/2013	12.4
5/1/2013	12.3
5/2/2013	12.0

Cranking voltages from the last few generator runs.

Time to Start

Date	Seconds
3/31/2013	2
4/7/2013	2
4/14/2013	2
4/21/2013	2.2
4/28/2013	2
4/28/2013	1
4/28/2013	2

Graphed times for generator to start and produce voltage.
